Course Description:
This program introduces current regulations related to the different types of motor protection (exe, exd, exp) as well as the EX environment and precautions related to the environment. During this course, participants will learn about motor protection and the environment, purging systems, leakage compensation and trips.

Learning Outcomes:
Basic knowledge in explosive environment and purge units

Prerequisites:
Basic knowledge in electrical and pneumatic engineering

Participants:
Operation, commissioning and maintenance engineers

Duration:
½ day
